Biologist

September 18, 2017

To the MVCAC Board of Directors,

I would like to nominate our late Board President Bob Azzaro for the MVCAC Service with Distinction Award.

#### BOB AZZARO IN THE MVCAC

Bob began as a Trustee at the Fresno Mosquito and Vector Control district January 2, 1976 and served as Board President from 1979 until 2017, through three successive Managers. He was always supportive of the district and our mission.

His time in the MVCAC (then CMVCA) began in 1979 on the Trustee Corporate Board as SSJ region's alternate to Robert H Brown of CMAD. He served as our Regional representative in 1980 and was the Board Chair in 1981-82, was past chairman in 1983 and served again as the regional representative in 1985.

When talking about his involvement with Mosquitoes and Vector control, he would usually remark on working with Warren Cook of Madera MVCD and Madera County Counsel, Roy Wolf to start the VCIPA. Commenting that we had saved lots of money since then, but, those first years were a little scary when we were self-funding.

Tim Phillips

A handwritten signature in cursive script that reads "Tim Phillips".
